

Declaration for 2022 pursuant to the German Corporate Governance Code

The Management Board of Henkel Management AG as the personally liable partner (general partner), the Shareholders' Committee and the Supervisory Board of Henkel AG & Co. KGaA ("**Corporation**") declare, pursuant to Section 161 of the German Stock Corporation Act [AktG], that notwithstanding the specific regulations governing companies with the legal form of a German partnership limited by shares ("KGaA") and the pertinent provisions of its Articles of Association ("**bylaws**") concretizing this legal form, the Corporation has complied with the current recommendations of the German Corporate Governance Code ("**Code**") as amended on December 16, 2019 ("**GCGC**") since the last declaration of compliance of February 2021, and presently complies and will comply in the future with the recommendations of the Code subject to certain derogations indicated below.

Modifications due to the legal form of a KGaA and their concretization in the bylaws

- The Corporation is a German partnership limited by shares ("**Kommanditgesellschaft auf Aktien**" or "**KGaA**"). The tasks and duties of an executive board in a German joint stock corporation ("**AG**") are assigned to the personally liable partner(s) of a KGaA. The sole personally liable partner of the Corporation is Henkel Management AG, the Management Board ("**Management Board**") of which is thus responsible for managing the business activities of the Corporation. The Corporation is the sole shareholder of Henkel Management AG.
- The Shareholders' Committee established in accordance with the Corporation's bylaws acts in place of the General Meeting of the Corporation, its primary duties being to engage in the management of the Corporation's affairs and to appoint and dismiss personally liable partners; it holds representative authority and the power of management, allowing it to preside over the legal relationships between the Corporation and Henkel Management AG as the latter's personally liable partner. It also issues the rules of procedure governing the actions of Henkel Management AG.

The Shareholders' Committee is further responsible for exercising the voting rights of the Corporation in the shareholders' meeting of Henkel Management AG. In so doing, it likewise appoints the members of the supervisory board of Henkel Management AG, which in turn appoints the members of the Management Board. The supervisory board of Henkel Management AG comprises three members; these are also members of the Shareholders' Committee.

Recommendations of the Code that refer to the duties and responsibilities of a supervisory board that are performed by the Shareholders' Committee in accordance with the Corporation's bylaws, are analogously applied to the Shareholders' Committee.

- The rights and duties of the supervisory board of a KGaA are more limited compared to those of the supervisory board of an AG. In particular, the Supervisory Board of the Corporation has no authority to appoint personally liable partners or to preside over the associated contractual arrangements; it may not issue rules of procedure governing the actions of the Management Board, and it is not permitted to designate business transactions requiring oversight consent. These duties are performed by the Shareholders' Committee or the supervisory board of Henkel Management AG. A KGaA is not required to appoint a director of labor affairs, even if, like Henkel, the company is bound to abide by Germany's Codetermination Act of 1976.

- The general meeting of a KGaA essentially has the same rights as the shareholders' meeting of an AG. In addition, it resolves on the adoption of the annual financial statements of the Corporation and formally approves the actions of the personally liable partner(s). At Henkel, the General Meeting also elects the Shareholders' Committee and formally approves its actions. Numerous resolutions passed in the General Meeting require the consent of the personally liable partner, including approval of the annual financial statements of the Corporation.

Recommendations of the Code

Where the Code offers recommendations concerning the duties and responsibilities of a supervisory board that are performed by the Corporation's Shareholders' Committee or the supervisory board of Henkel Management AG due to the legal form of the Corporation or in compliance with its bylaws, those recommendations have been adopted accordingly for the Shareholders' Committee and the supervisory board of Henkel Management AG respectively. Such recommendations contained in the GCGC relate to the composition of the Management Board, succession planning, the length of first terms in office, reappointments and specification of an age limit, definition of a remuneration system and of total remuneration, and specification of the amount of variable remuneration to be paid to the Management Board and of the monetary arrangements upon termination of a contract (Recommendations B.1 to B.5 and G.1 to G.16).

Taking into account the special features arising from its legal form and bylaws, the Corporation complies with all recommendations ("shall" provisions) of the GCGC, with the following exceptions:

- According to Recommendation C.5 GCGC, management board members of listed companies should not accept more than two supervisory board appointments or comparable offices in non-Group listed companies. Nor should they chair a supervisory board of a non-Group listed company. Whether the number of mandates held by members of the management board remains appropriate is to be assessed on a case-by-case basis as a more reasonable approach, rather than by means of a rigid upper limit.
- According to Recommendation G.10 GCGC, the amounts corresponding to the variable components of remuneration awarded to the members of the Management Board should be predominantly invested by them in Corporation shares or be awarded in appropriately share-based form. Long-term variable remuneration awards to Management Board members should be subject to a four-year lock-up period.

In derogation from this recommendation, the portion of the personal investment in Henkel preferred shares (share deferral) to be made under the Short Term Incentive scheme (STI) in relation to the at-target remuneration (target achievement, functional factor 1) amounts to around 25 percent of the total variable remuneration (comprising the STI and Long Term Incentive [LTI]) and around 47 percent of the total long-term remuneration (comprising the share deferral and LTI).

The lock-up period for the Henkel preferred shares expires in each case on December 31 of the fourth calendar year following the remuneration year. This share deferral ensures that the members of the Management Board accumulate and hold a significant share portfolio during the rolling lock-up period, and that they participate in the long-term performance of the Corporation, whether this be positive or negative. This share portfolio continues to grow due to the fact that shares are sold, if at all, only in exceptional instances once the respective lock-up period has expired.

The performance measurement period for the LTI is three years. The LTI is paid in cash once the Corporation's annual financial statements for the final year in the performance measurement period have been approved by the General Meeting.

In keeping with the objectives of the Management Board remuneration policy, this structure of the STI and LTI rewards sustainably profitable growth and thus supports the long-term development of Henkel; and Management Board remuneration is aligned to the interests of the Corporation's shareholders.

- In derogation from Recommendation G.12 GCGC, according to which, in the event of termination of a Management Board contract, the payment of any outstanding variable remuneration components attributable to the period up to termination of the contract should be made in accordance with the originally agreed targets and comparison parameters and in accordance with the due dates or holding periods specified in the contract, to the extent that, in the event of premature departure, the STI is calculated on the basis of the budget figures and paid out in the last month. Upon termination and in the event of death, all vesting periods arising from the personal investment in Henkel preferred shares (share deferral) cease to apply. Similarly, in the event of death, claims under the LTI in respect of tranches not yet disbursed are settled on the basis of the budget figures and paid to the heirs.

Suggestions of the Code

Notwithstanding the aforementioned special features arising from its legal form, the Corporation has adopted the discretionary suggestions of the GCGC.
